# BACKGROUND

Classix was established in 1994. Over the last twenty-two years it has become an important supplier of shirts to the formalwear industry. At the present it serves more than 5000 customers in the US, Canada and numerous Caribbean and South American countries. Computer tracking of orders, sales projections and trends enable Classix to continuously maintain one of the largest and most complete inventories of formalwear shirts in the country.

Classix ships every order the same day the order is placed. With access to west coast shipping cut-off hours, orders placed from the east coast by 5.00pm Eastern Time Zone can be shipped the same day.

Our most popular shirt styles are stocked at all times for Men, Women and Boy's. Sizes are available in white and selected colors. Some popular styles, such as the wing collar white tuxedo shirt for men (M00) are available in 44 sizes, ready to be shipped at a moments notice.

Classix uses the finest fabrics and accessories available. Classix buttons are specially made to withstand numerous laundering and pressings. Interlinings for the collars are the best available. Every effort is made to satisfy the demanding requirements of the formalwear industry.

When we started Classix our aim was to become the best formalwear shirt supplier, and, on the eve of our twenty-second anniversary we are fast approaching that goal.

“There are no minimum order requirements, or minimum charges.”
